MOBIVISOR

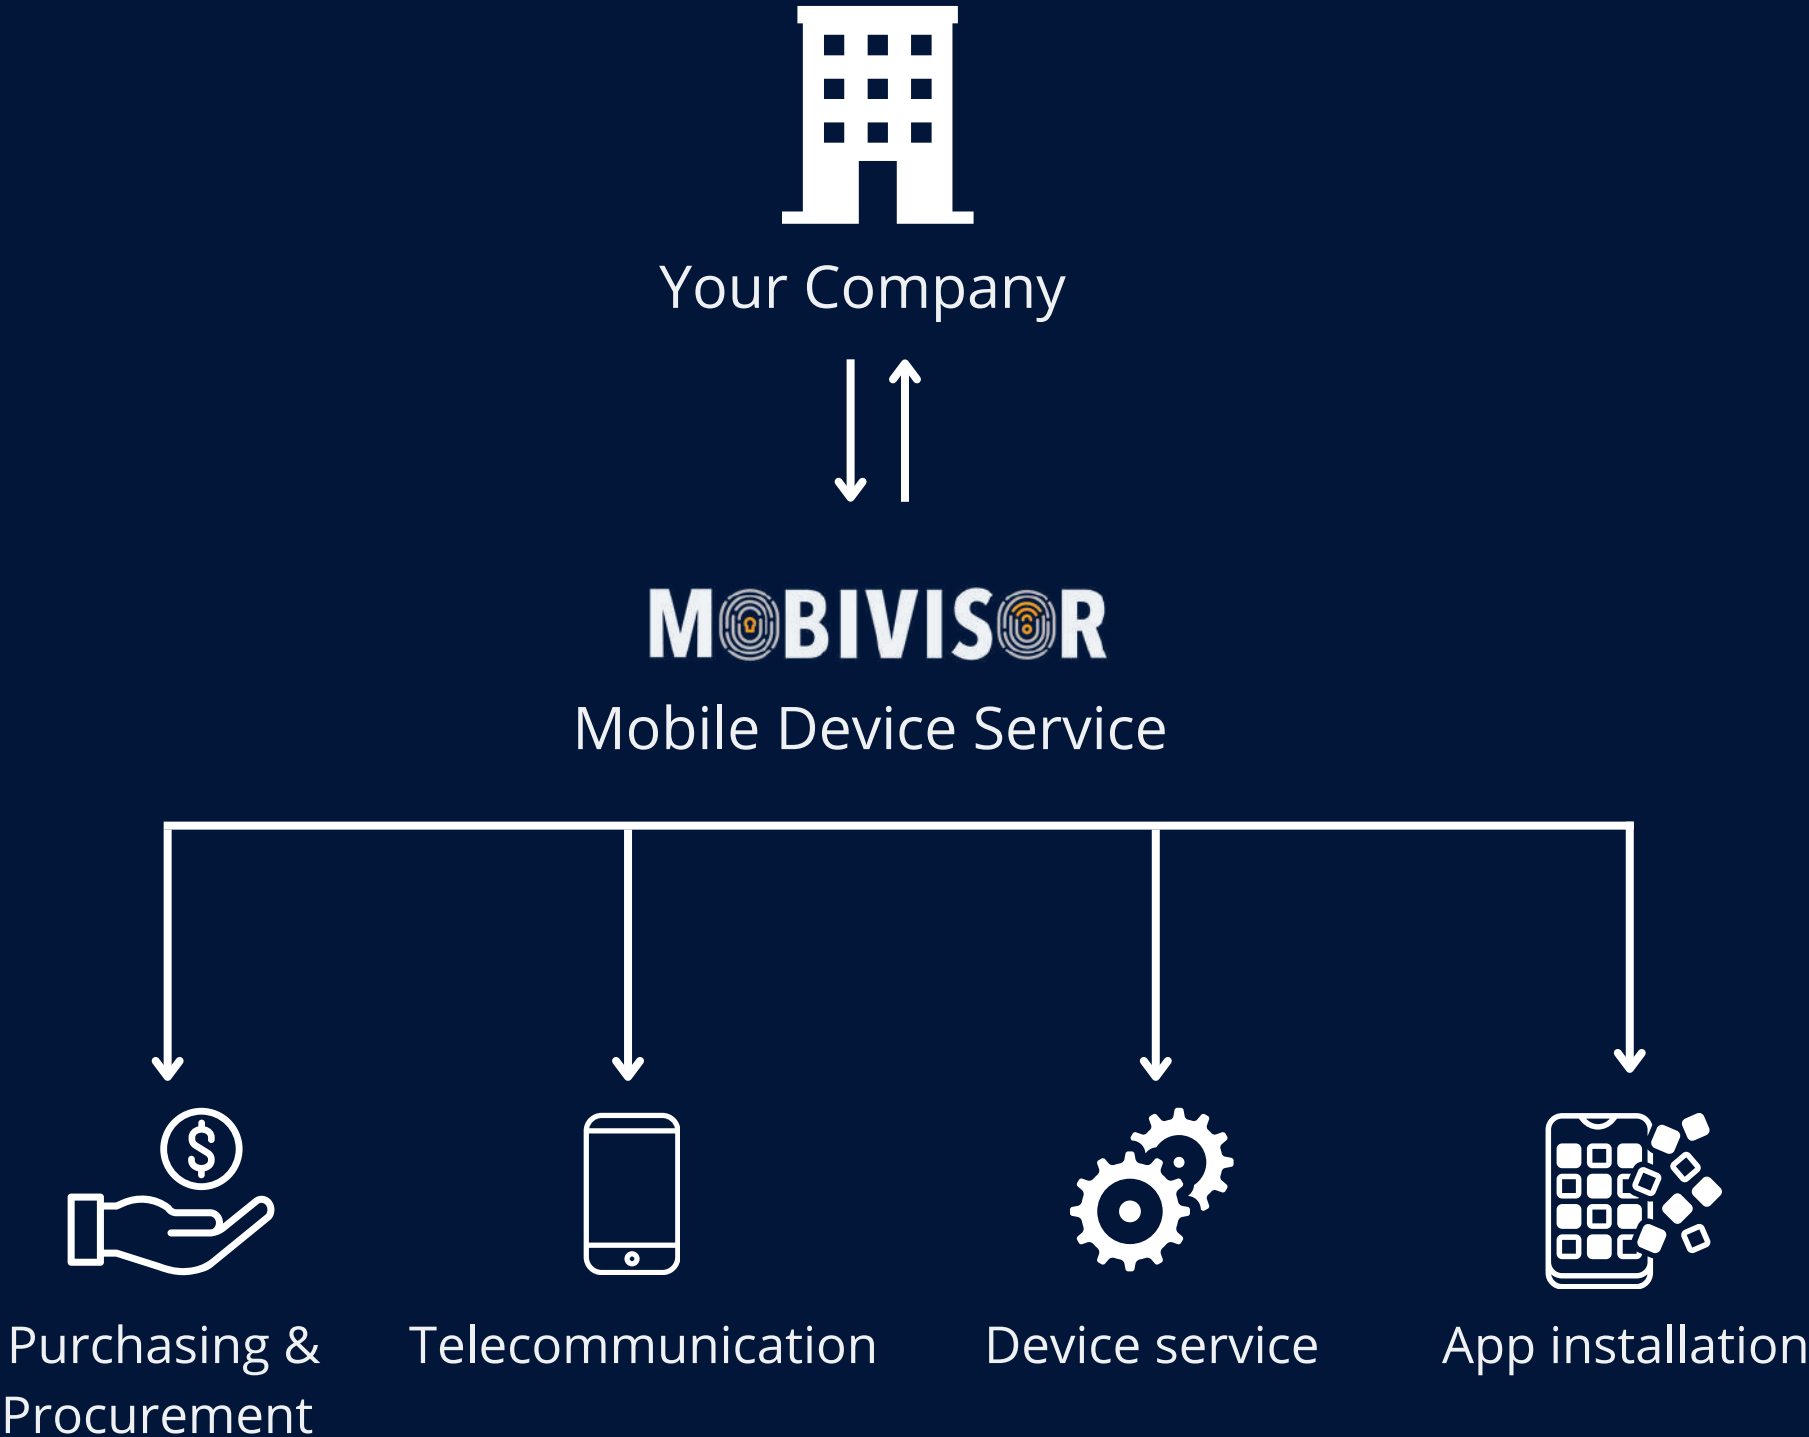

Herausforderungen im Unternehmen ohne MDS

Challenges in the company without MDS

- High acquisition costs
- Little overview of devices in use and their status
- Loss of overview of contracts with external providers
- Many players from ordering to commissioning lead to errors, gaps and additional work
- Disproportionately high procurement and administrative costs
- Outdated models, no overview of GDPR compliance or availability of apps

Solution: MobiVisor MDS

Solution: MobiVisor MDS

- ✓ Full service from a single source by e-mail and telephone
- ✓ Free choice of devices - licenses can be extended at any time
- ✓ 100% cost control: no hidden costs
- ✓ Cost savings through reduced expenditure
- ✓ GDPR-compliant setup of mobile devices (Android & iOS)
- ✓ Professional replacement of old devices and integration of existing devices

Your advantages at a glance

Costs

Take the pressure off your IT and purchasing departments with massive time savings. You can also benefit from favorable corporate rates that suit your needs.

Data security

The professional implementation of GDPR-compliant security guidelines on mobile devices guarantees the security of your company's data.

Employees

Employees don't have to worry about the right set-up. Instead, they can use the devices straight away.

Choose your services

Replacing old appliances? We can help you!

Profitieren Sie von unserem Service – Jahr für Jahr!

What do you need?

Mobile Device Service

- ✓ Ordering hardware and SIM cards
- ✓ Registration in MDM & user import
- ✓ Installation of apps
- ✓ Distribution of guidelines
- ✓ Technical support

Classic Mobile Device Management System

- ✓ Access to the personal MobiVisor web domain
- ✓ Product training
- ✓ Hosting in the cloud or on-premise
- ✓ All MDM functions: Assign policies, distribute apps, block and whitelists and much more
- ✓ Technical support

What happens with your existing devices?

- ✓ Existing devices can be transferred to the mobile device management system at any time - without any loss of data!
- ✓ Employees use devices privately and for work? No problem: Manage the workspace via MDM, the rest remains private!
- ✓ If you would like to integrate devices used purely for business purposes, we can support you with our Mobile Device Service: simply send us your devices and we will take care of the rest. Your step towards cost efficiency and clarity!

The all-round package for companies: MobiVisor MDM extensions

MobiVisor Messaging

The secure corporate messenger for chatting, sending images and attachments and much more. Also available without MDM.

MobiVisor per-App VPN

Are your employees often on the move? With the VPN app they can surf the Internet securely at all times.

MobiVisor Contacts

Synchronize contacts at any time and distribute them to all devices. Easier than ever!

MobiVisor SecureExchange

Integrate your e-mail programs securely into the company network.

MobiVisor Files

Prevent data loss and store, share and manage files easily via MDM.

Additional services

Individualization of your mobile device management system

- Special feature requirements?
We are happy to implement them!
- Customizable at any time: Your logo on the start page, contact information, color of the MobiVisor app and monitoring data.

App Development

- No MDM without a functioning app: benefit from our expertise in app development for your company too
- App development according to your specific requirements
- App distribution directly via MDM or via Google Play Store or Apple App Store
